

Career Opportunity: Corporate Calibration Technician

J&J Calibration Service Inc., an accredited Metrology Company, has a career opportunity as a Corporate Calibration Technician. Due to our continued growth, we are looking for individuals that want to join our team and build a strong stable career as a professional in the metrology industry.

Job Description: Corporate Calibration Technician reports to the Technical Manager. The Corporate Calibration Technician will travel to customer facilities to perform calibration and adjustment of measuring instruments found in a variety of industries, including micrometers, torque wrenches, electronics, temperature, and pressure instrumentation. Participates in company career development courses.

Related trades: Machinist, Mechanic, Electrical Technician, Quality Technician, Military PMEL/TMDE/GPETE

Requirements:

- Scheduled Overnight Travel required
- US citizen or US permanent resident status
- Valid driver's license and good driving record
- Obtain a Commercial Driver's License
- 2 year College degree in electrical or mechanical fields or 2 years' experience in related trade
- Proficient in one discipline of calibration and familiar with a variety of other disciplines
- Capable of lifting 50 pounds unassisted

Preferred Skills:

- Commercial Driver's License or the ability to obtain one within three months of employment
- Experience in using measurement equipment: dimensional tools, multi-meters, pressure gages, or torque wrenches
- Military PMEL/TMDE/GPETE training preferred but not required
- Good customer service skills and organizational skills
- Strong and reliable work ethic
- Experience using computers
